

# E-450 SOHOtest-E Residential Cable Tester

SOHOtest-E is designed to test the most commonly used cables in a residential/home office environment. It can be used to determine wiring faults in network, phone, cable TV, and home security system cables, either before or after installation. The SOHOtest-E is so easy to use, even novice home network users can save hundreds of dollars by determining cabling faults before calling for professional repairs.

### FEATURES

- Pass/fail coaxial test
- Remote unit for one-person testing
- Compact and light-weight design for easy storage

Specification Data Sheet	
Manufacture #	E-450
Power Source	DC 9V battery x 1pcs
Power Consumption	10mA
Operating Temp.	0°C~50°C
Storage Temp.	-10°C~60°C
Humidity	0 to 95% (non-condensing)
Dimension	Overall: 4" x 2.5" x 1" Main: 80mm x 60mm x 31mm Remote: 49mm x 60mm x 31mm
Safety Approve	CE
Approx. Weight	94g
